COTT SYSTEMS RECEIVES CERTIFICATION AS WOMEN'S BUSINESS ENTERPRISE

Worthington, OH – June 7, 2008 – Cott Systems, Inc., a business specializing in land records management software and services, received national certification as a Women's Business Enterprise by the Michigan Women's Business Council, a regional certifying partner of the Women's Business Enterprise National Council (WBENC).

WBENC's national standard of certification implemented by the Michigan Women's Business Council is a meticulous process including an in-depth review of the business and site inspection. The certification process is designed to confirm the business is at least 51% owned, operated and controlled by a woman or women.

By including women-owned businesses among their vendors, corporations, and government agencies demonstrate their commitment to fostering diversity and the continued development of their supplier/vendor diversity programs.

About Cott Systems

Cott Systems, an innovator in public records management for over 120 years, is the leader today in technology solutions and services for recording, imaging, and searching land records across 22 states. Through an industry leading research and development process, which includes significant customer involvement, Cott is driving new technologies and services for local governments by employing up-to-the-minute information and workflow automation, data management and migration, professional services, hosting and disaster planning services. Headquartered in Columbus, Ohio, Cott specializes in understanding and responding to local government information needs across the country by building a partnership with their customers and the public they serve.

About WBENC

The Women's Business Enterprise National Council is the nation's largest third party certifier of businesses owned and operated by women in the United States. WBENC is a resource for the more than 700 US companies and government agencies that rely on WBENC's certification as an integral part of their supplier diversity programs.
